

PRESS RELEASE RE LITTER PICK 21 MAY 2016

Clay Cross Town Centre Group's latest activity since its relaunch saw a litter pick staged last Saturday 21 May starting at Midday from the Town's Central Methodist Church .

The clean up was assisted by group members and staff from the local Tesco Extra store in cleaning up rubbish at various sites around the town centre these included the High Street (A61 corridor), Eldon Street and the Bus Station and its surrounding area.

The day was helped by the support of local businesses and the Parish Council who facilitated the necessary equipment including Hi Vis Vests, gloves, pickers and bags which all helped the overall success of the event.

During this community litter pick many local residents commented on the positive impression this gave and one passerby commented "You see people do care about Clay Cross".

We have been asked if this clean up will become a regular event to which the group are more than happy to make this the case and we would appeal to people of the community to join with us to make Clay Cross shine again.

In the coming months the group have started plans for improved signage with a local business and are in the process of bringing a 'Pop Up Cinema' event to Clay Cross all building up to the Town Centre Group's late night opening event in early December.

Anyone wanting more information can find this on our Facebook page 'The Clay Cross Town Centre group' and our website www.claycrosscommunity.net
